CKC Tutoring News 2018-2019

We are very thankful to the tutors, substitute tutors and staff at both East Bethlehem and St. Philip which enabled 26 students to progress in Language Arts (some as much as 2 grade levels), Reading (some as much as 1.5 grade levels) and in Math (mastering 38 skills) during this school year. We implemented a new online computer training program (IXL) this year which constantly diagnosed each student in all 3 areas and recommended the next skills each child needed to succeed. And the students did succeed! Our students and their parents say, "Thank you," to the tutors, to LWML, to Cross of Christ along with donations from so many.
